Re: Endorsement of IPOS International Quality Standard in Cancer Care

Dear Professor Watson,

I am pleased to confirm that DAPO, the German Association of Psychosocial Oncology, has reviewed the IPOS statement and has decided to endorse the IPOS International Quality Standard of Cancer Care unreservedly. DAPO has always recognized the importance of incorporating psychosocial care into national cancer treatment plans. This standard will be reflected in the policy and practice of DAPO. We wish IPOS every success in getting this standard adopted at an internationally level.

Yours Sincerely,

Dr. rer. medic. Thomas Schopperth
