Subject: Endorsing IPOS Statement

Hi Jeff

CCACT very happy to wholeheartedly endorse the International Psycho-Oncology Society's (IPOS) Statement on Standards and Clinical Practice Guidelines in Cancer Care as recently received from you by post.

1. *Quality cancer care must integrate the psychosocial domain into routine care;*
2. *2. Distress should be measured as the 6th Vital Sign after temperature, blood pressure, pulse, respiratory rate and pain.*

Best wishes

Joan
