17 May 2013

Dear Dr Bultz and Professor Grassi

On behalf of Psychosocial Oncology New Zealand (PONZ), I am writing to advise that we strongly support the IPOS International Standards of Quality Cancer Care and fully endorse the Statement. PONZ is delighted to see further progress being made in developing these Standards of Quality Cancer Care as they are consistent with our own vision of providing comprehensive cancer care inclusive of psychosocial interventions.

Yours sincerely

A handwritten signature in black ink, appearing to read 'H. Neser'. The signature is stylized and somewhat cursive.

Hazel Neser
